The Great Stories and Bright Futures initiative goes further than pure educational achievement a student may gain. Our students gain the knowledge, qualifications and experience while studying at Coláiste Íde to reach their potential , last year stu-

dents progressed to Higher Education and employment from all our courses and from some courses, there was 100% progression. “Coláiste Íde has so many great stories that happen every year and we want our students to share these, it’s a life process that starts right here”. Dr FitzGerald said Further Education leads to bright futures and Coláiste Íde is committed to providing high quality, relevant courses to meet the needs of both young adults and mature students.

Coláiste Íde intend to launch a great stories portal during the first term and this will be open to all current and past students , so that Coláiste Íde students and alumni can share as they create .
